PLANT CATALOGUE

Ottawa Valley Organics is a small business run by a big family in Lanark County. Based in the North Elmsley/Franktown/Gillies Corners area, we have been farming and growing for over 15 years.

Our business is based on trust. We love trialing different varieties and at any given time might have up to eighty different varieties growing in the garden. All to search for the most perfect types for our area. If you have ever had problems growing broccoli or brussels sprouts, getting red peppers or ripe tomatoes, we invite you to try us out.

These dependable selections have been tried over and over, have proved reliable, early, delicious and there's something for EVERY space! You can trust us to have done the legwork, put in the time, grown in wet and dry, warm and cool, container and bed, and trust us to provide you with the best of the best. Hope you enjoy!

ORDER INFO

Pre-order is now open, with 25% discount if paid in full at order time

Simply note your chosen plants, and send us an email, or use our handy form online, with how many of each you would like. These will be ready and waiting for you beginning May 1st to June 1st. (Weather dependent)

Please include your full name, address and phone number, preferred pickup date or delivery option, and any other requests, questions, comments you may have. Have a favourite? Questions about space? Growing conditions? Supplements? Don't hesitate to ask!

ONIONS approx 20-25 plants per pack: \$3

YELLOW COOKING ONION

Bulbs will range from 3 to 4 inches by the end of the season, and store 4 to 6 months

LARGE SWEET SPANISH

Mix of Heirloom jumbo onions, reaching 6 inches plus (includes World record holder variety reaching 15lbs!) Kelsae, Expression, Alisa Craig

RED ONION

Medium burgundy bulbs, stores 4-6 months

BLUSH

Pink flesh onion, sweet and rich, excellent storage

RED LONG OF FLORENCE

Gourmet torpedo onion, great for pulling at any stage

GREEN ONION

Excellent early bunching onion, non bulbing

LEEK

Tried and true, long slender leeks

CELERY sold individually \$2

Excellent variety, no blanching necessary, one of the “dirty dozen” so a great choice to grow at home

KALE approximately 6 to 10 plants per pack \$3

Mix of varieties, includes red and green curled, Tuscan and Red Russian

HOT PEPPERS:

CHOCOLATE JALAPENO

Very productive, smoky and flavorful, averaging 4 to 6 inches long.

LEUTSCHAUER PAPRIKA

Rare 1800s drying pepper from Hungary. Medium-hot paprika with great flavor and perfect for drying for Hungarian paprika spice.

AJI CHARAPITA

A super tiny pepper from Peru, often grown as a houseplant, where peppers are harvested as needed in the kitchen. Aji Charapita has a distinct fruity, citrus aroma and cayenne level heat.

PUMA

3" fruit has brushstrokes of violet and tangerine, bursting with habanero level heat. Handsome foliage and stems are a forest green tinged with deep purple.

RAINFOREST CHILI

Pepper hailing from the brazilian rainforest, sweet and mildly hot, with extraordinary flavor and color. 1.5" fruit turn peach when ripe. Plants can reach 5' and benefit from staking.

JALAPENO PEPPER Classic, early and productive!

BIG JIM

Largest chili variety, reaching 12" in length! Delivers perfect medium heat, a little milder than jalapeno. Hardy and vigorous.

POBLANO

Classic chili telling type. Used green, roasted and peeled, usually quite mild.

HUNGARIAN HOT WAX PEPPER Perfect for pickling, beautiful colors harvested at multiple stages of growth, mild spice.

SUGAR RUSH PEACH

Exciting wildly flavored hot pepper from Wales. Long, peach colored fruits are packed with loads of super sweet tropical flavor, with seeds that bring a smoky, complex heat. Excellent for snacking!

SERRANO TAMPIQUINO

A Mexican favourite, traditional Serrano pepper. Large plant, very hot and pungent, distinctive flavor. Superb salsa variety!

CAYENNE LONG THIN

Popular for drying and spices, long peppers turn bright red. Very hot, very productive!

DATIL

Bursting with hot fruity goodness! Perfect for spicy salsas, jellies and sauces. Heat is vicious, comparable to habanero types, with a fruity complex flavor.

SWEET BELL PEPPERS: \$3-\$5

OLLY Earliest red pepper I have ever grown. Almost guaranteed an abundant harvest of red ripe peppers. Excellent in containers!

ACE Turning red right on the heels of olly, Ace proves time and again its reliability

CALIFORNIA WONDER Medium green to red pepper, excellent harvest in all weather. I use these for picking green, and leave my others to ripen red.

GOLDEN CALIFORNIA WONDER Early green to gold pepper

GYPSY Beautiful and early ramshorn tapered pepper, can be picked and used

at all colors. One of my favourites!

IKO IKO A true rainbow pepper, purple to yellow to tangerine to red.

Gorgeous, early and plentiful

RED PICNIC Lunchbox mini pepper, great snacking size, ripens green to red

Sweet Italian tapered Peppers:

CARMEN Awesome Italian Shepherd, long 6" fruit, excellent flavor and texture

ORANOS Orange companion to Carmen and Escamillo, very sweet, early and productive! A favourite!

ESCAMILLO Yellow companion to Carmen and Oranos. Ripens to bright yellow, sweet flavor and excellent crunch

TOMATOES \$3-\$5

PRIMO RED The best jumbo beefsteak slicer out there. Early, big and beautiful. Can't be beat!

TIDY TREATS Early, compact cherry, heavy all season producer, great for containers or limited space

SWEET MILLION Classic delicious and productive red cherry tomato

MOONBEAM Glowing white grape tomatoes, spectacular fruity flavor, heavy yields

BEEFSTEAK Reliable bush beefsteak, early and productive

GILBERTIE PASTE long, slender, large fruits, very meaty

AMISH PASTE large firm plum tomato, excellent flavor

SAN MARZANO PASTE classic late season paste, great sauce

TONYS ITALIAN PASTE meaty heirloom tomato from an Italian friend,

whose family has grown this tomato for years

TONYS ITALIAN SLICER beautiful large slicing tomato, rich flavor,
grown in Tony's family for years

TOMS CLUSTER TOMATO an accidental discovery, appeared as a self seeded volunteer in the garden last year, incredibly productive 2-3" fruit borne on beautiful clusters of 6-8.

BLACK KRIM beautiful heirloom, dark red-purple fruit, rich flavor

COPIA yellow gold low acid tomato streaked with red/pink, juicy and sweet

ORANGE HAT Micro tomato, cutest thing for the patio tabletop, plenty of orange cherry tomatoes all season long

GERMAN JOHNSON Gorgeous pink heirloom replacing two of my previous favourites, (damsel and brandywine) more vigorous and higher yields although not quite as early as damsel, it is earlier than Brandywine.

BONNIE BEST classic medium sized slicer and canner. Superb flavor!

**Various other heirlooms available on site in
May**

Brassica Family pack of 4 \$3

BROCCOLI So much trial to get to this outstanding variety! Huge, delicious, and extremely reliable

CAULIFLOWER sweet and nutty cauliflower, adaptable to a variety of weather, excellent choice for a tricky crop

BRUSSELS SPROUTS early, sweet and healthy plants-also available individually \$2

CABBAGE 4 pack mix of red, green and sweetheart variety. Early, summer harvest.

GUNMA CABBAGE 16" Drumhead, sweet and mild, perfect for low carb wraps or rolls, or classic cabbage rolls

LETTUCE 4 packs of head lettuce \$3, may include romaine, red or green butterhead, red or green leaf, or batavian. 6 to 8 plants included. May request varieties.

SPINACH available by request, \$2 per 10 to 20 plants

CUCUMBER \$3

MINI sweet, productive, crunchy and early, great for containers

JAPANESE LONG superior to long English types, thin skin, small seed cavity, excellent flavor and crunch

PICKLING excellent main season cucumber, high yields

ZUCCHINI \$3 green or yellow, limited patty-pan available

MELON \$3 Halona, cantaloupe tyoe, early, so sweet and juicy, a customer favourite!
